<u>The history of breakdancing</u>	1
	2
Breakdancing, or 'breaking', started in the 1970s in New York, USA. It was created by	3
African-American and Latin-American young people. They used the dance as a way to	4
show their feelings. The 'breaks' in songs were the parts with just rhythm and beats.	5

Living with over 70 pets

Can you imagine living with more than 70 cats? That's the reality for Karen Smy and her daughter, Lauren, from Wales. They run a cat rescue service, taking care of unwanted domestic cats.

Karen's Cat Community rescue started in 2017. The mother and daughter team began by offering advice on cat care, but quickly became overwhelmed, as more and more people asked them to adopt their unwanted cats. Now the pair share every room of their house with cats, including the kitchen and bathroom.

Lauren, who works in the charity sector, said that her strong emotional connection with the cats helped her through difficult times. She said the cats were always there for her when people weren't.

Caring for so many cats is challenging. Karen and Lauren spend £135 each day on food and cat litter, and have over £3,000 in vet bills still to pay. Karen added that rising costs have made it even harder to keep up with everything.

Jelly Beans

Do you like jelly beans? These vivid, sweet treats are a favourite for many people. They come in a variety of flavours, from cherry and lime to unusual ones like popcorn, candyfloss or even rotten eggs! There's definitely a jelly bean to satisfy everyone.

Jelly beans are made using a process called panning. First, a hot sugary syrup is poured into bean-shaped moulds to form the soft centres, which are left to dry for up to 24 hours. These are then removed and placed into spinning pans. Thin layers of sugar, colour and flavour are gradually added as the beans spin. This creates the hard outer shell. Finally, the jelly beans are polished with wax to give them a shiny finish before being sorted and packaged.

Jelly beans have been around since the late 1800s. By the late 1930s, they were a common sweet in America. Historians believe that they became especially popular in the 1940s, as Easter treats. Many also believe that their soft centres were inspired by another sweet called Turkish Delight.
